

SPRING FRAMEWORK

DEPENDENCY INJECTION

APRIL, 2015

SOLVING PROBLEMS?

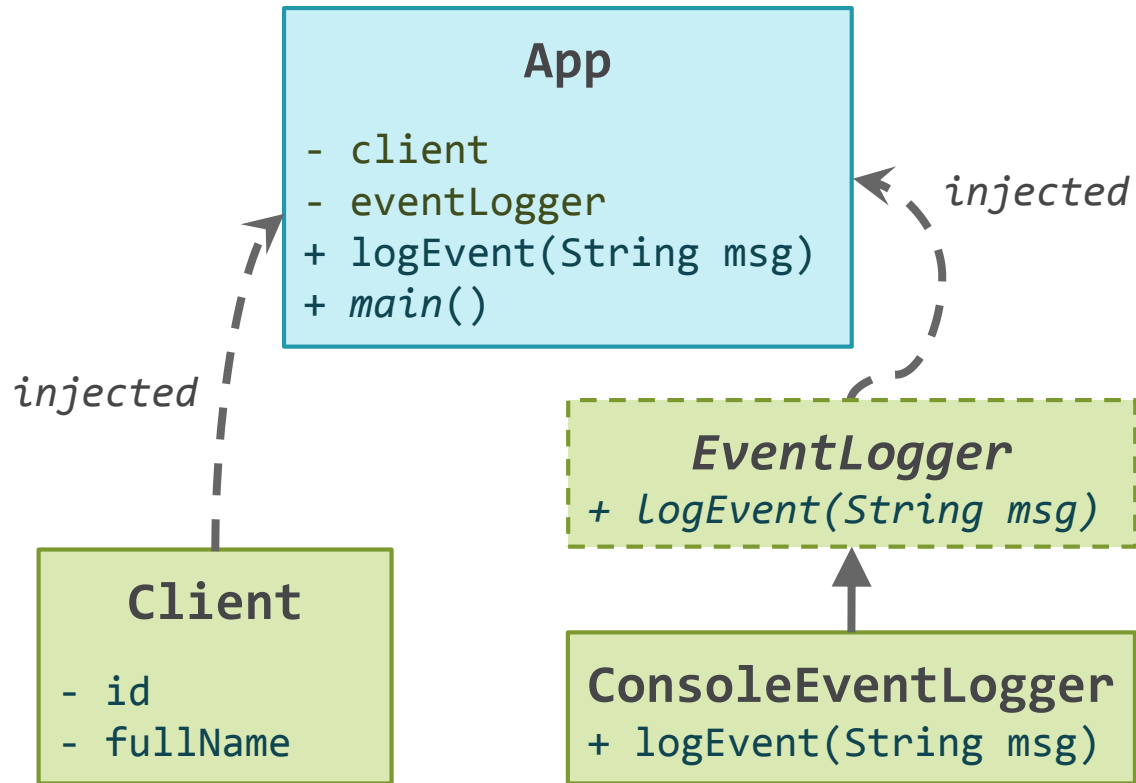

- Externalize static data
 - Use non-binary and non-code files

SOLVING PROBLEMS?

- Externalize static data
 - Use non-binary and non-code files
- Decouple with interfaces
 - Use with multiple implementations

SOLVING PROBLEMS?

- Externalize static data
 - Use non-binary and non-code files
- Decouple with interfaces
 - Use with multiple implementations
- Inject dependencies
 - Let objects receive and not create others
